Workshop Abstract

Applied Behavior Analysis Across the Spectrum

Dr. Vincent J. Carbone, Ed.D., BCBA-D

Applied behavior analysis (ABA) has been effective in treating and educating persons with severe impairments as well as persons who require treatment to produce near typical repertoires. ABA methods have been successful in overcoming the learning challenges of persons across the autism spectrum. On the first day of this workshop methods to overcome the learning difficulties of persons with moderate to severe disabilities will be presented. The discussion will focus on implementation of the methods outlined in the Essential for Living, an assessment and curriculum developed by Dr. Patrick McGreevy. Emphasis will be placed on the teaching of verbal skills and the “Essential Eight” skills which are necessary to insure a productive and independent life of persons with severe impairments. On the second day of the workshop ABA methods that lead to advanced language skills necessary for socially appropriate and reciprocal conversational skills will be reviewed. Methods to teach advanced manding (requesting) and methods to avoid the teaching of rote intraverbal (conversational exchanges) will be presented. The presentation of treatment methods will be illustrated with numerous video demonstrations.

There are no entry requirements to attend; the workshop is recommended to teachers, therapists and behavior analysts.

Process

In order to apply for a place at the workshop, please send us an e-mail to info@thecarboneclinic.ae with your name and request to attend. If a group discount is applicable to you, please include the names of the people in the group in the e-mail or ensure the name of group is included in the Workshop Application Form. To guarantee your place at the workshop full payment must be received through wire transfer, credit card payment, cheque or cash payment (see instructions in this form).

A receipt will be drawn up and e-mailed to you once payment has been received. Your name will then be added to the list of attendees. Please allow seven working days for your receipt to be sent via email. Please bring a copy of your receipt with you on the first day of the workshop.

Fees

The fee for attending the workshop can be settled in either dirhams (AED) or US dollars (USD). The fee is dirhams is AED 1,800 and in US dollars is USD 490.

Early bird discount:

For payment by August 31st: Pay AED 1,525 (AED 275 saving)/ USD 415 (USD 75 saving)

For payment by September 30th: Pay AED 1,615 (AED 185 saving)/ USD 440 (USD 50 saving)

Group discount:

For groups 5+ attendees: Pay AED 1,525 (AED 275 saving)/ USD 415 (USD 75 saving) for each attendee

For groups 3+ attendees: Pay AED 1,615 (AED 185 saving)/ USD 440 (USD 50 saving) for each attendee

All group attendees must pay before the workshop for the discount to apply.

The early bird discount and the group discount are cumulative, so for a group of 5 or more paying before August 31st the fee per attendee would be in dirhams AED 1,800 – AED 275 – AED 275 = AED 1,250 or in dollars USD 490 – USD 75 – USD 75 = USD 340. Therefore early registration is strongly encouraged.
